DURRANT'S DILEMMA.

One of His Friends Gives Damaging Evidence Against Him.

HIS ALLEGED ALIBI DISPROVED.

The Prisoner Confessed to His Friend That He Was Not at Dr. Cheney's Lecture the Day Miss Blanche Lamont Was Murdered.

SAN FRANCISCO, Oct. 7.—The Examiner says: One of the greatest sensations in the Durrant case, and one which comes now as a climax with crushing weight upon the accused, has become the property of the prosecution. Theodore Durrant not only confessed to a classmate that he had no notes of Dr. Cheney's lecture, but he begged his friend to take his notes to his mother, Mrs Durrant, that they might be copied.

"I have no notes of that lecture," the accused student said, "and I only need them to complete my alibi."

When the student to whom Durrant made the confession takes the witness stand the crumbling fabric of the defense will fall. The student to whom Durrant made the fatal acknowledgment is his classmate and friend, Dr. Gilbert F. Graham. It was not Graham's purpose to tell what he knew. For the sake of an old friendship and the memory of his college days with Durrant Graham had held back part of his story.

He had informed the police that Durrant had asked him for his notes, but he did not wish to tell the prosecution the whole story and repeat Durrant's confession that he had no notes of that lecture. Like Charles A. Dakes, he did not wish to injure his classmate's case, but now he has destroyed its last support. He has given the prosecution what they sought so long in vain. He supplies, through Durrant himself, the proof that the accused student was not at the lecture delivered by Dr. W. F. Cheney on April 3. He explains why Durrant "quizzed" with E. F. Glazer on April 10. He reveals Durrant's purpose in asking Charles A. Dukes to say that he saw him at the lecture.

He tells why an attorney for the defense copied Glazer's notes in full after they had been placed in custody of the property clerk of the police department. He uncovers the motive which inspired Durrant to plead with C. V. Cross and ask him to remember that they talked on the stairs of Cooper college until they were late for Dr. Cheney's lecture.

Graham comes to the case as a witness of the greatest possible importance, to destroy the only possible alibi which Durrant has attempted to prove. For the sake of his friend Graham held back the most important part of his knowledge of the case, but now he tells it all just as it occurred. In addition to that he repeats a conversation which he had with Attorneys Dickinson and Dunrey a few days ago. He has even informed them of the important confession which Durrant made to him. Durrant made his damaging request of Graham when the latter visited him in jail.

Father Wagner Weds His Victim.

ST. JOSEPH, Mo., Oct. 7.—Father Dominic Wagner, the priest who is in jail here charged with having caused the downfall of Maud Steidel, the 15-year-old girl who was recently arrested in Chicago, whither she was secretly taken by a relative of Father Wagner, was married to the girl Saturday night at the home of Mrs. Steidel. After the ceremony the priest was taken back to the jail, where he now is. During the day he transferred to an uncle of the girl all his property, to be held for her in trust.

YALE'S MANY VICTORIES.

Won Eight of Eleven Events Against the English Athletes.

NEW YORK, Oct. 7.—Yale won the international athletic competitions with Cambridge at Manhattan field on Saturday, taking eight events out of a possible eleven. Six thousand people witnessed the contests. The winners were: Hundred yards dash: W. M. Richards, Yale; time, 10 1-5 secs. Hurdle race (120 yards) on track: E. H. Cahy, Yale, time, 16 secs. Running high jump: J. H. Thompson, jr., Yale; height, 5 ft 8¼ in. Three hundred yards dash: W. M. Richards, Yale; time, 32 2-5 secs. Half mile run: F. S. Horan, Cambridge; time, 2 min. 2.5 secs. Putting 16-pound shot: W. O. Hickok, Yale; distance, 42 ft 2 in. Running broad jump: L. P. Sheldon, Yale; distance, 21 ft. 4½ in. Mile run: W. E. Lutyens, Cambridge; time, 4 min. 35 2-5 secs. Hurdle race (120 yards) over turf: G. B. Hatch, Yale, time 16 secs. Four hundred and forty yards run: H. Lewin, Cambridge; time, 49 4-5 secs. Throwing 16-pound hammer: W. O. Hickok, Yale; distance, 130 ft. 7 in.

English Praise for Our Athletes.

LONDON, Oct. 7.—The Standard, regarding the Yale-Cambridge contests at New York, says: "The victory was most decisive, and in view of the fact that, except Fitzherbert, the Cantabs performed as well as they have generally done at home one is driven to the conclusion that Oxford was somewhat lucky to beat Yale or decidedly unlucky in subsequently losing to Cambridge. It is impossible to shut one's eyes to the fact that at the present time America is peculiarly rich in capable athletes of all kinds, and though we may hope at the next important meeting the Englishmen will assert their supremacy over their rivals, or at all events come out on an equality, it would be churlish to refuse the frank and churlish acknowledgment which the recent achievements of their American opponents merit."

Thieving Cashier Confesses.

BALTIMORE, Oct. 7.—John Don Farden, alias T. J. Franklin, was arrested in Baltimore yesterday for stealing $16,000 from the office of the Adams Express company at Terre Haute, Ind. Farden was employed as cashier of the express company, and on Sept. 6 he put a package containing $16,000 in his pocket and disappeared. Farden admitted that he had taken the money, and said he was willing to return to Terre Haute without the formality of requisition papers. He said that he had spent every cent of his share of the $16,000 in fast living and was "dead broke." He declares that the express agent at Terre Haute got $11,000 of the money.

Cuba to Ask Recognition.

BOSTON, Oct. 7.—In view of the recent announcement of the organization of a provincial government in Cuba The Standard has secured an interview with Mr. J. V. Fuentes, president of the Cuban club, of Boston. Mr. Fuentes said: "The revolutionists have formed a government, and are now perfecting it before sending out agents to the various countries to secure recognition. The first country that we shall apply to is the United States. We care more for recognition from this country than any other. Let the United States recognize us, and in a month things in Cuba will undergo a change that will surprise the world."

Anarchy Prevails in Crete.

LONDON, Oct. 7.—An Athens dispatch says that anarchy prevails throughout the island of Crete and murders are frequent. The governor of the island has forwarded his resignation to Constantinople. The Cretans have submitted a statement of their grievances to the representatives of the powers, the Grecian consul at Canea having informed a Cretan delegation that Greece was unable to intervene in their

WILL BECOME INDIANS.

And Then Corbett and Fitzsimmons Can Fight Without Interference.

ARDMORE, I. T., Oct. 7.—The Corbett-Fitzsimmons fight may come to the Indian Territory. Dan Stuart has stated as much to parties here who are interested in the project. At what point the mill will take place has not yet been fully decided. The two places most favorably mentioned by the fistic contingent are Colbert Station, just across the Texas line, and Ardmore, the largest town in the Indian Territory, on the Santa Fe road. It is now more of a contest between the Katy and the Atchison, Topeka and Santa Fe to determine which line shall have the traffic incident to the fight than between the towns.

After the mill takes place in Indian Territory, as has now been arranged, it must come under the patronage of the Chickasaw government. The judicial power of the United States court in the Indian Territory will be exercised to prevent it, but the lawyers concur in the opinion that there is no law to punish it. The United States has all the jurisdiction that congress has vested in any tribunal over such matters, but only has such jurisdiction as is expressly conferred on it.

The Chickasaw legislature, which is now in session, will not adjourn for about two weeks. The Chickasaw treasury is empty, and "Lo" is naturally a lover of sport and gaming devices. Five thousand dollars deposited in the Chickasaw treasury by the Florida Athletic club will make Corbett and Fitzsimmons, their seconds, referee and backers members of the Chickasaw tribe of Indians, and thereby cut the jurisdiction of the United States and legalize the assembly. The pugilists will not sacrifice any of the privileges of United States citizenship by joining the tribe.

Says the Missionaries Are Avenged.

SHANGHAI, Oct. 7.—The Chinese authorities are contesting every point of the inquiry into the massacre of Christians at Kucheng. They maintain that the seven executions of natives that have already taken place have amply avenged the murders of the missionaries and members of their families. The British vice consul has started from Foochow. He will go to Pekin with dispatches to Sir Nicholas O'Conor, explaining the hopeless situation and the futility of continuing the farce of inquiring into the massacre.

Constable Assaulted by Tramps.

WILKESBARRE, Oct. 7.—Constable George Lawrence, of Pittston, had a fight with a gang of tramps late Saturday night and was severely beaten, sustaining, among other injuries, a broken leg. While lying in bed at his home yesterday Lawrence was examining a revolver which had failed to discharge when he was assaulted. It did so yesterday, and the bullet lodged in his hand. Lawrence died an hour later, it is believed from the shock.

House Demolished by Natural Gas.

MUNCIE, Ind., Oct. 7.—William Tenerbaugh, who has worked at natural gas for ten years, made his first mistake Saturday evening, and a terrific explosion occurred. He was repairing a leak in Mrs. Sarah Dowell's residence and after finishing the job put a lighted match to the joint to test it. The house and furniture were demolished. The flesh was cooked from Tenerbaugh's face and hands. The inmates of the house escaped.

Young Girl Probably Murdered.

CHICAGO, Oct. 7.—The police have come to the conclusion that Ida Martin, the 17-year-old girl who disappeared from Toledo, O., a short time ago, has been murdered, and it is believed the crime was committed in this city. May Hastings, the woman who is under indictment as a procuress, and who, it is believed, knows the circumstances surrounding the disappearance of Miss Martin, still refuses to talk of the case.

Driven from Home by a Forest Fire.

BRIDGETON, N. J., Oct. 7.—Hundreds of men, women and children residing in Dividing Creek and Newport were out all night fighting a bad woods fire, which threatened several homes. The families of William Jenkins and Andrew Hewitt moved hastily out, and their houses were partly destroyed. The fire has been burning fiercely all day, and the fighters make slow progress against it.

Killed by a "Wild West" Indian.

BALTIMORE, Oct. 7.—John P. Horn, a 12-year-old boy, died in this city from the effects of injuries received a week ago at the hands of one of Buffalo Bill's Indians. The boy was peeping in at the Indian tent on Monday last, when one of the inmates, whose identity is unknown, but who is thought to be a Sioux, threw a brick at him, fracturing his skull.

A Motorman's Romance.

SAN ANTONIO, Tex., Oct. 7.—Febrino Rubio, a motorman on the San Antonio street railway, in this city, claims to be a son of Hon. Romero Rubio, late minister of the interior of the Republic of Mexico. Febrino Rubio is 28 years of age, and bears a close resemblance of the minister. He says he ran away from home at the age of 10 years.

Appointed by Governor Hastings.

HARRISBURG, Oct. 7.—Governor Hastings has appointed Miss Cora Stuchfield, of Allegheny, and Captain M. N. Baker, of Corry, deputy factory inspectors. Baker was originally appointed by Factory Inspector Martin when the department was organized six years ago, and has been retained by every succeeding inspector.

Says Four Hundred Armenians Were Killed

NEW YORK, Oct. 7.—The steamer City of Paris, about thirty six hours overdue, was docked at 11 o'clock last night. The delay was due to foaming or foaming of the boilers.

FELL WITH THE FLOOR.

An Accident Like That at Atlantic City's Casino.

ONE KILLED, TEN FATALLY HURT.

A Crowd of Church People, While Witnessing the Laying of a Corner Stone, Precipitated to the Cellar by the Breaking in of an Insecure Platform.

LORAIN, O., Oct. 7.—While a great crowd of people was assembled yesterday afternoon to witness the laying of the corner stone of the new St. Mary's Catholic church a temporary floor on which many of the people were standing suddenly gave way, precipitating many men, women and children into the basement. One was killed outright, ten were fatally injured and between thirty and forty others were badly hurt.

The services were just about to begin when the accident happened. Fully 3,000 souls were assembled on and around the platform, which had been constructed across the foundation of the edifice. The boards forming the temporary floor had been laid across the joists, which were supported in the middle by upright posts. These supports broke, and the floor went down with a crash. Fully 300 people were thrown into the pit formed by the sagging in of the middle of the floor.

For a moment everybody was paralyzed by the calamity, but soon there was a rush forward by those willing to lend assistance to the crushed and struggling people. This made matters worse, for fifty more persons were crowded into the hole upon those who went down with the floor. When the confusion had subsided somewhat, many of those who were able to extricate themselves did so by walking and crawling over their less fortunate companions. The rescue was begun at once, and all were finally taken from the pit. Following is a list of the killed and wounded:

Killed—Mary Weber, 3 years old, daughter of Mr. and Mrs. Matthew Weber, of Sheffield.

Fatally Injured—Rosa McGee, 3 years old, skull fractured; Katie Griffin, 8 years old, hurt internally; Mrs. Mary McGraith, left leg crushed and hurt internally; Mrs. John Eustin, aged woman, left leg crushed and chest injured; Mrs. Cornelius Sullivan, spine injured and left leg crushed; Mrs. Gaiber, chest crushed and hurt internally; Mrs. Michael Kelling, injured internally; Mrs. Kate Diedeick, both legs broken and hurt internally; John Fieldcamp, hurt internally; Mrs. Margaret Mackert, hurt internally.

Those badly injured, but who will recover are: Nellie Dottard, head cut; Nicholas Wagner, skull fractured; Leo Theobald, 3 years old, head cut; Colonel W. L. Brown, leg and arm broken; Mrs. John Fox, both legs broken; Mrs. William DuBurgett, hurt internally; Mrs. Mary Latimer, right leg crushed; Mrs. Jacob Keefer, hurt internally and leg will have to be amputated; John Martin, leg broken; John Eustin, back hurt; Mrs. M. Bruce, ankle broken; William Ryan, leg broken.

Many others were severly bruised.

The old Catholic church and parochial school were at once turned into hospitals. A score of doctors were called, and they were kept busy for hours caring for the injured, several of whom will die.

The accident was due to defective timbers. The contractor was told on Saturday that the platform was insecure, but he said that it would hold all the people that could be crowded upon it. There were between 1,500 and 2,000 people on it when it gave way. Despite the accident the services were continued and the laying of the corner stone was completed.

Conspired to Rob the County.

MOSCOW, Idaho, Oct. 7.—E. S. Brown, president of the Moscow National bank; L. C. Hottabaugh, president of the defunct Commercial bank, and John Gilstrap, ex-county treasurer, were arraigned in the district court to answer to a grand jury indictment charging them with compounding a felony. When Gilstrap took the office of treasurer, in January, it is alleged that he made an agreement with Brown and Hottabaugh, whereby he was to deposit equally in their respective banks the county funds and to draw therefrom only one presentation of warrants for payment. Failure to live up to this agreement cost the county $12 00. Brown and Hottabaugh are two of the most prominent men in the state.

Massachusetts' Republican Ticket.

BOSTON, Oct. 7.—The Massachusetts Republican convention developed little opposition to Governor Greenhalge, who received 1,334 votes, against 291 for Elijah A. Morse. The ticket as nominated contains only one new name, that of the candidate for state treasurer, and is as follows: For governor, Frederick T. Greenhalge; lieutenant governor, Roger Wolcott of Boston; secretary of state, William M. Olin of Boston; state treasurer, E. P. Shaw of Newburyport; auditor, J. W. Kimball of Fitchburg; attorney general, H. M. Knowlton of New Bedford.

Henshaw May Get a New Trial.

INDIANAPOLIS, Oct. 7.—Evidence came to light here last night that will probably lead to a new trial in the Henshaw murder case. Juror William Hunt, who lives near Danville, was here before he was selected as a juror. He strayed into a barber shop, and while there he rehearsed the story of the murder, declaring that Rev. Mr Henshaw was guilty. When being selected for jury duty Hunt made the usual statement that he had not expressed any opinion.

Another Poet Laureate.

LONDON, Oct. 7.—The Daily News announces that it is assured upon good authority that he Marquis of Salisbury has definitely resolved to appoint a new poet laureate, and that he will be found in the ranks of journalism. This is supposed to mean Sir Edwin Arnold, the author of "The Light of Asia," etc.

BRUTALITY OF FOOTBALL.

One Player Has His Nose Broken and Another Becomes Insane.

CHICAGO, Oct. 7.—The football games between Northwestern university and Beloit college on Saturday came very near resulting in a riot, although this was avoided by prompt action. The bitterest kind of feeling was engendered between the friends of the opposing teams, and there were a number of personal encounters.

Northwestern had the ball, and it had just been advanced fifteen yards by Potter, when Thorne, the Northwestern left guard, ran around the line to where Baker, the Beloit halfback, was standing, and deliberately struck him a tremendous blow in the face, breaking his nose and stretching him out unconscious on the grass. The instant Thorne made the assault he turned and ran back into the line, without waiting to see the effect of his blow.

The attack was apparently entirely unprovoked, and in an instant Thorne was surrounded by the entire Beloit team. Many of the spectators had witnessed the affair, and crowded over the ropes to see that their men were given a fair show if it came to a fight. Atkinson, the Beloit captain, was beside himself with anger, and made several attempts to get at Thorne, from whom he was separated by the mass of spectators who had crowded in to take a hand in the slugging match.

By this time the two teams were surrounded by 200 half crazed students from both colleges, in the midst of whom the large police detail which had been sent to preserve order at the game were utterly powerless. Members of the football teams cursed each other right and left, and it seemed as if the game would end in a riot. The field was cleared after a wait of fifteen minutes, and the game proceeded, Thorne having been ruled off. Baker was carried to his hotel, where he received medical attention. He had been severely injured early in the game, and was too weak to stand the terrific onset made on him by Thorne.

Football Player Becomes Insane.

SCRANTON, Pa., Oct. 7.—The Syracuse university football team took a game from Scranton Saturday by a score of 12-0. The game was an exceedingly rough one, and at least four of the Scranton players were painfully injured. Captain Walsh was kicked in the head during a most exciting period of the game, but resumed play. On the next line up he did not move from his tracks, quickly became delirious, and is now raving like a maniac.

A Little Girl Burned to Death.

HAMBURG, Pa., Oct. 7.—Death in awful form was the fate of Annie Dresh, 9 years of age, at her home in West Hamburg. While playing near a wood fire the child's dress ignited, and before the flames were put out the child had been roasted alive and died in a few hours. The child's mother was also seriously burned while extinguishing the flames.

The Taylor Brothers Secure a Stay.

CARROLLTON, Mo., Oct. 5.—Yesterday was the date set for the execution of the Taylor brothers, for the murder of the Meeks family, but Judge Rucker granted a stay of execution pending an appeal to the supreme court. The appeal will not be heard before next April.

French Pursuit of the Hovas.

LONDON, Oct. 7.—A correspondent of The Times at Antananarivo, writing under date of Sept. 23, says: The French are thirty miles off, and are advancing fast. The British cemetery and French observatory here have been wrecked. The queen in a speech yesterday said: "The French are close upon you. You said you would fight for me, but you have not fought. I will not yield. I shall die at the palace." The Hovas are preparing to make the last stand at Ambohemanga.

The Anti-Women Suffragists.

ALBANY, Oct. 7.—The special state committee of the anti-women suffragists, headed by Mrs John V. L. Pruyn, of this city, has issued an address to the electors of the state of New York, saying: "The committee is anxious to urge upon the voters of the state that they should take pains to secure the nomination and election to the legislature of men known to be opposed to the imposition upon women of the unwelcome and unsuitable responsibility of the ballot."

Students Debarred From Saloons.

PRINCETON, Oct. 7.—The trustees of Princeton have ordered all the saloon keepers in town to stop selling liquor to students under 21 years of age. The state law, passed in 1881, prohibits all liquors being sold to students under age, and the trustees propose to see the law carried into effect. The saloon keepers have complied with the order, and no students are allowed in the drinking houses.

Killed by His Father-in-Law.

LEADVILLE, Colo., Oct. 7.—Patrick Kennedy, Populist candidate for sheriff, was shot down in cold blood Saturday night by his father-in-law, T. B. Powers. They had been quarrelling over family affairs, Powers being under the influence of liquor. The murderer was hastily taken out of town by the officers, as a lynching was feared. Kennedy was sheriff of Lake county for four years.

A PLEA FOR IRELAND.

The National Alliance's Address to the Friends of Liberty.

THE NEED OF FUNDS FOR THE WORK

Provincialism Cast Aside and the National Demand of Ireland Again in the Ascendant—Complete Independence by Any Means Consistent with the Law of Nations.

NEW YORK, Oct. 7.—The national officers and executive committee of the Irish National Alliance issue the following appeal to all friends of Irish independence:

The convention which recently organized at Chicago the Irish National Alliance has placed its guidance and government in the hands of the undersigned for the ensuing two years. The purpose of the alliance has already been sufficiently proclaimed—to obtain the complete independence of Ireland by any means consistent with the laws of nations. Organizations, like governments, have to depend on their revenue for the successful accomplishment of their duties. The 'sinews of war' for both are absolutely necessary, both for organization and propaganda.

England, the arch enemy of Ireland, has at her disposal immense resources—the accumulations of centuries of conquest and piracy. She has it in her power to control or mould public opinion in her own interests. Even in free America she possesses this power to an astonishing extent. Her side of the Irish question has filled the American mind for a quarter of a century—ever since Ireland's friends at home and abroad committed the costly fault of trusting to parliamentary agitation to achieve the liberty of their motherland.

Now, however, a totally different policy has been inaugurated. The absolute claim of Ireland to a distinct national life has been placed before the world by the unanimous voice of the recent Irish national convention held in Chicago. Provincialism has been cast aside, and the national demand of Ireland, which slumbered but did not die, is again in the ascendant. We are determined that it shall so remain, and that no effort of ours, no sacrifice on our part, will be left untried or unperformed until victory crowns our sacred cause.

We appeal, therefore, to all friends of the independence of Ireland to aid us in this good work by placing at our disposal the means requisite for its accomplishment. You are asked to subscribe in accordance with your means, and to forward your subscriptions as speedily as possible to the treasurer of the Irish National Alliance, Hon. P. V. Fitzpatrick, 154 Twenty-second street, Chicago.

Plans of organization are being prepared, and will be issued in a few days.

Our Warships In China.

WASHINGTON, Oct. 7.—Among the naval movements reported to the navy department yesterday were the arrival of the Monocacy at Shanghai and the departure of the Machais from Hankow for Shanghai and the treaty ports. It is assumed to be a desire of the admiral commanding the Asiatic station to have them in southern China, where they may be readily available in the event of trouble such as has been experienced during the past summer in the looting and burning of missionary property. Both the Machias and the Monocacy are of light draft, and adapted for navigating to some extent the Chinese rivers.

Ambassador Paternotre Back Again.

NEW YORK, Oct. 7.—M. Paternotre, the French ambassador, arrived on La Touraine Saturday after two months spent in France. When asked regarding the statement that United States officials were unable to get from the French government a copy of the minutes of the Waller trial in Madagascar he replied: "I understood that a copy of the findings of the court had been forwarded to United States Ambassador Eustis some time ago." M. Paternotre said that no doubt the matter would be amicably adjusted, and declared that the fact that Waller was a colored man did not at all prejudice his case.

Held Up by a Lone Horseman.

PHŒNIX, Ariz., Oct. 7.—The stage from Florence was held up by a lone Mexican horseman at the crossing of Dry Lake, eight miles west of Casa Grande station, on the Southern Pacific railroad. Through the bravery of A. J. Doran, president of the territorial legislative council, the only passenger, the highwayman was all but captured. The robber was kicking around the mail matter, when Doran jumped upon him, grasping the pistol barrel just as the weapon was discharged. The stage driver started to Doran's assistance, but the robber tore loose from Doran, and, mounting a horse, rode rapidly away.

Against Convict Labor.

BURLINGTON, N. J., Oct. 7.—At a special meeting of the Moulders' and Mechanics' association resolutions were adopted offering political support to those who publicly advocate a state constitutional amendment to prohibit the employment of convict labor in competition with free workingmen. A copy of the resolutions were sent to John W. Griggs, the Republican candidate for governor, with a request that he state his position on the system.

King of Portugal to Visit England.

LONDON, Oct. 7.—The king of Portugal will arrive in England on Oct 31, seemingly on a state visit. He will be received by the Prince of Wales. Later he will visit the queen at Balmoral. Upon his return to London a banquet in his honor will be given at the Guildhall, and afterward he will visit Manchester and Glasgow, where receptions will be tendered to him.

Declined to Receive the British Admiral.

SHANGHAI, Oct. 7.—Chang Chi Tung, viceroy of Nanking, has declined to receive a visit from the British Admiral Buller on the plea of sickness. The British cruiser Alacrity is returning from Yang-Tse-Kiang. The Archer and Undaunted are at Foochow.

"Aye! There's the rub!"

And that ought to be enough in itself to seal the doom of bar soap. This rubbing with soap may get clothes clean, if you work hard enough, but can't you see how it wears them out?

Follow the directions that come on every package of Pearline, and you'll find that you not only do away with the hard and ruinous work of rubbing—but that you save time, and actually get better results. At every point Pearline is better than soap. But the mere fact that Pearline saves the rubbing—that ought to settle it.

BEWARE Peddlers will tell you "this is as good as" or "the same as Pearline." IT'S FALSE—Pearline is never peddled. If your grocer sends you an imitation, be honest—*send it back*. 463

HIS PULPIT IS THE PRESS.

Dr. Cuyler, the Veteran Clergyman, and His Work as Author and Preacher.

There must be an atmosphere of religious inspiration about South Oxford street, Brooklyn, for on this street and but a single block apart two of America's foremost clergymen, Dr. Talmage and Dr. Cuyler, have labored for years, preaching to congregations that extend all over the globe. For some time past neither of these great divines has had a church, but each week the newspaper press places their words before more people than could be collected in a thousand coliseums. Theodore Ledyard Cuyler, during the 49 years of his ministry, has probably written as much for the religious press of the world as any other man. He has published about a score of books and has probably written 5,000 articles for the newspapers. Since his retirement from the pulpit of the La-

fayette Avenue Presbyterian church of Brooklyn he has been unusually active with his pen, and every week thousands look for his articles.

Dr. Cuyler is now a veteran of 73 years. He was born in Aurora, N. Y., Jan. 10, 1822, and was a son of B. Ledyard Cuyler, a promising member of the Cayuga bar, who died at the age of 29 years. Theodore received his early education in Mendham, N. J., and was graduated from Princeton college in 1841. His father, grandfather and father-in-law were lawyers, and the grandfather desired Theodore to follow in their footsteps, but Theodore's mother said he should be a minister.

One day the young man spoke five minutes before a cottage meeting, and several persons said his words had done them good. The thought at once suggested itself to young Cuyler that if preaching five minutes did good he would do well to preach all his life. This determination reached, he entered Princeton Theological seminary and was graduated in 1846. In 1860 he became pastor of the Lafayette Avenue church in Brooklyn, which he made a powerful institution for good during his 33 years' pastorate. When he retired, his admiring flock made him a present of $30,000 in cash.

A NOTED NEGRO SCHOLAR.

Career of Dr. Blyden, One of the Ablest Men of His Race.

Edward Wilmot Blyden is a full blooded negro, but he is without doubt one of the ablest scholars his race has yet produced. He is an expert on Arabic, is familiar with Hebrew, Greek and Latin, and speaks French, German, Spanish and Italian. He is an A. M. of Hamilton college, a D. D. of Lafayette college, an L. L. D. of Lincoln university, and many of the most distinguished men in the world are his friends. He has corresponded with Gladstone for 35 years and has been entertained by Lord Brougham, the king of Belgium and numerous other men of note. Lord Salisbury, Charles Dickens, Charles Sumner, the Earl of Derby and Herbert Spencer are among those who have written him letters, and some of the foremost magazines have requested and received contributions from his pen. He has published several books which have met with a good reception, and one volume, "The African Problem and Other Discourses," fully sets forth his intelligent ideas on the future of the negro.

Dr. Blyden has had a very interesting career. He was born at St. Thomas, one of the Virgin islands, in the West In-

REV. DR. EDWARD WILMOT BLYDEN.

dies, and is 63 years of age. His parents were full blooded negroes and were members of the Dutch Reformed church. He was baptized in this church, and the pastor, Rev. John P. Knox, was so struck with his intelligence that he advised him to enter an American college. Blyden arrived at New York in 1850, shortly after the passage of the fugitive slave law, and found the country in such a ferment over the slavery question that no college would admit him.

Undaunted, he sailed for the young republic of Liberia and there took a course in classics and mathematics at the Alexander school. In 1858 he became a teacher in the school and in 1861 was appointed professor of languages in Liberia college. In 1877 he was appointed Liberian minister to Great Britain, an office he at present holds. Unlike Bishop Turner, he believes that a great negro exodus to Liberia at present would be an unwise thing both for the southern negroes and for Liberia itself.

GEORGE'S REPUBLIC FOR CHILDREN.

Girls and Boys of the Slums and Their Novel Summer Government.

The George Industrial camp is a novel and remarkably successful institution for the improvement of boys and girls taken from the slums and tenement districts of the city. It is located in Tompkins county, N. Y., about ten miles from Ithaca. The scheme was inaugurated five years ago by William R. George of New York, who has long been actively interested in philanthropic work. Each year he has taken to the camp a considerable number of children from the lower districts of New York, but this year there were 150 boys and about 30 girls, ranging in ages from 6 to 15. In selecting the boys Mr. George seems almost to have made badness a qualification for admission, as most of them were from the slums.

The camp is practically a miniature republic, with a government for the children, of the children and by the children. The idea is to instill into the

WILLIAM R. GEORGE.

minds of the children wholesome lessons in regard to thrift, economy, labor, right ways of living and just government. This is done in a very practical way.

This year, upon their arrival at the camp, which consists of a farm of 48 acres, the children organized a republican form of government, under which they lived for a period of two months. Mr. George was chosen president, and members of congress were elected from among the boys. A system of currency was adopted, and a national bank established, from which a circulating medium was issued. Every citizen of the republic was expected to work for a living, though ample time was given for sport and recreation, as well as for secular and religious instruction. A police department, civil service commission and court of sessions were organized and ably maintained. All the boys, however, wanted to be "cops," but were permitted to gratify their ambition only after civil service examinations. The boys were paid for their labor, and in turn paid for their living, depositing the balance, if any, in the bank. At the breaking up of the camp the money was redeemed in provisions and clothing, and the children returned to their homes happier, healthier, wealthier and wiser by reason of the citizenship in the young American republic.

Not Tempted.

There is a quaint story told of a couple of Scotch ministers who were taking dinner together one summer day in a little parsonage in the highlands. It was the Sabbath day, the weather was beautiful, and the babbling streams were full of trout and the woods full of summer birds. One turned to the other and said, "Mon, don' ye often feel tempted on these beautiful Sundays to go out fishing?" "Na, na," said the other, "I never feel tempted; I just gang."—Household Words.

THE DEMOCRACY'S TICKET.

A STRONG LIST OF WORTHY AND POPULAR CANDIDATES.

SKETCHES OF THE MEN

Who Will be Elected Next November—Men Who are Strongest Where They are Best Known—A Ticket Universally Well Received.

Special Albany Letter.

"The proof of the pudding is in the eating." The excellence of the work of the Democratic State convention and the popularity and acceptability of its ticket are best demonstrated by the way the work has been received at their own homes. Without an exception, their neighbors and friends have regardless of party congratulated the candidates upon their nomination and the convention of the Democratic party upon the wisdom of its choice. From the homes of every one of the candidates—where each is best known—comes the gratifying tidings that he will run far ahead of his ticket. It is a pretty good test of a man's fitness that he will run best where he is known best.

Gen. Horatio C. King, the splendid old soldier who heads the ticket, has been overwhelmed with oral and epistolary congratulations, a large proportion of them from Republican veterans who will support this old comrade at the polls.

John B. Judson, the popular candidate for Comptroller, is especially strong with laboring men and craftsmen, as he is a practical printer. The Gloversville Standard (Ind. Rep.) publishes interviews with a large number of citizens showing that Mr Judson will receive a handsome endorsement from his Republican friends and neighbors.

Norton Chase, the brilliant young lawyer whom the convention selected for Attorney-General, is universally conceded to be uniquely fitted for the office by all who know him. Here in Albany the especial compliment has been paid to him of a resolution congratulating the party on his candidacy adopted by the New Democracy, an organization heretofore bitterly antagonistic to Mr. Chase along faction lines. The compliment to Albany county involved in his nomination will undoubtedly be handsomely returned at the polls.

OLD SCHOHARIE'S CANDIDATE.

Old Democratic Schoharie, which never yet in all her history gave a Republican majority, contributed to the ticket a favorite son in DeWitt Clinton Dow, the candidate for State Treasurer. All reports are to the effect that the county of Governor Bouck will give its popular citizen a rousing majority for the next State treasurership.

The selection of Russell R. Stuart for State Engineer and Surveyor aroused an enthusiasm in his home county of Onondaga, and surrounding counties, that it cannot be doubted will make tremendous inroads in the Republican strength of that vicinity.

The nomination of Judge John D Teller was urged upon the convention not only by his Democratic neighbors but by representations of hundreds of Republicans desirous to support both Judge Teller and the popular Democratic candidate for Senator in that district as well (Judge Day of Moravia) as an effective protest against bossism and machine methods, with which that county has been sadly afflicted. Upon Judge Teller's return to his Auburn home from Syracuse he was serenaded by several hundred of his fellow-citizens, and great enthusiasm entirely outside of party lines was manifest. "Judge Teller," as the Auburn Bulletin (Ind.) well put it, "is well known to Auburnians and the people of Cayuga county as a painstaking, conscientious lawyer, who by his legal attainments, judicial mind and temperament is fully qualified for the position for which he has been named and he is sure of a large and flattering vote at home, the more so as the office for which he has been named is not and should not be regarded as political in any sense."

A NON-FACTIONAL TICKET.

The ticket is clean, popular, able and emphatically non-factional.

Gen. Horatio C King, of Brooklyn, who heads the ticket as candidate for Secretary of State, is of distinguished lineage, being a son of the late Hon Horatio King, who was Postmaster-general in the cabinet of President Buchanan. He was born Dec. 22, 1837, in Portland, Me, and removed in infancy to the city of Washington He was graduated in 1858 from Dickinson college in Pennsylvania, and soon afterward entered the law office of Edwin M. Stanton, afterward the great Secretary of War, and until 1862 continued in the practice of his profession. Then he applied to Secretary Stanton for a position as Quarter-master, which position Capt. King filled with admirable ability. He was soon assigned to active service, reported to General Sheridan and was assigned to the staff of the gallant General, Wesley Merritt, the great cavalryman, as Chief Quartermaster of the First Cavalry Division of nine thousand cavalry, with the rank of Major. The care of such a family was no easy task, but Major King supplied its wants with unfailing regularity, and received special official mention from General Merritt. In addition to the usual duties of Quarter-master in the field, he seized and ran a saw mill and a tannery, and with details from the command, he procured and sawed lumber sufficient for winter quarters, and some eighteen hundred sides of leather, all tanned by enlisted men from the 7th Penna. Cavalry, with which the harnesses of the artillery and trains were put in thorough repair. The few months quiet near Winchester were varied by sharp fighting, reconnoissances to New Market and Gordonsville, and a raid through Loudon county. In February of 1865 ensued the celebrated James River raid, and the Army of the Shenandoah, after a career of devastation, came out at the White House on the Pamunkey River. Having refitted, it crossed the James River at Deep Bottom, and went into camp at Hancock Station. Its stay here was brief, and on March 29 it started out on its last memorable campaign, which precipitated the action at Five Forks. In the second day's engagement, a portion of the Division being severely pressed, Major King was ordered by General Devin, then commanding the Division, to find the Reserve Brigade (General Gibbs') and pilot it to the point of danger. This he did with such promptitude and success that the Brigade reached the scene in time to deploy in line of battle and repel a fierce charge. For his conduct on this and other occasions General Devin recommended him to the Secretary of War for the Brevet rank of Colonel in these terms: "During the battle of Five Forks, and those subsequent, Major King volunteered his services as my personal aid and rendered gallant and distinguished service."

Participating in the final campaign until the surrender of General Lee, Major King was at the close of the war mustered out, and the War Department bestowed upon him the Brevet of Lieutenant-Colonel and Colonel.

GEN. KING IN PRIVATE LIFE.

After his return from the war, although entering the law, his natural predilections led him to newspaper life. For several years he was Associate Editor of the New York Star; then publisher of the Christian Union, edited by Rev. Henry Ward Beecher; then he was attached to the Christian at Work, in a like capacity, fulfilling all the conditions of the arduous life of a newspaper man. During all this time his pen was never idle, his active body never at rest Poems, magazine articles and songs, many of them widely published and sung, gave him high rank in the literary and musical world. Several years ago he was elected Secretary of the "Society of the Army of the Potomac," and he has been re-elected term after term. He is a member of the Grand Army of the Republic and was a charter member of the New York Commandery of the Military Order of the Loyal Legion.

Governor Cleveland, in 1882, appointed Col. King to the office of Judge-Advocate-General, with the rank and honor of Brigadier-General. General King was actively engaged in the contest which resulted in Mr. Cleveland's first election to the presidency, and was retained as Judge-Advocate-General by Governor Hill to the end of his term. He has held many high and honorable civic positions in Brooklyn.

A PRACTICAL PRINTER'S ELEVATION.

John B. Judson, the Democratic candidate for Comptroller, is a resident of Gloversville, in the county of Fulton. He was born at Kingsborough, (now a part of the city of Gloversville), Aug. 20, 1861, and was educated at Kingsborough Academy and Williston (Mass.) Seminary.

In the year 1877 Mr. Judson became proprietor of a job printing office, and by his successful management of the same, it is now one of the best in the State. He makes a specialty of fine colored printing and embossing for glove manufacturers, and his goods are sent all over the United States and Canada wherever gloves are manufactured. He is a practical printer, himself, and is considered by the craft an expert master of the art in all its branches.

He is also largely interested in the real estate business at Gloversville.

Mr. Judson acted as Secretary of the Fulton county committee from 1890 to 1894, and is chairman of that committee at the present time. In 1893 and 1894 he was elected a member of the Democratic State committee for the 22nd congressional district, which includes the counties of St. Lawrence, Saratoga, Fulton and Hamilton; was appointed member of the executive committee in 1893, and in 1894 Judson was unanimously elected Secretary of the State committee. He has never before been a candidate for any public office.

Mr. Judson was married in 1882 to Isabelle Stewart, daughter of the late Judge Stewart, of Johnstown, N Y.

ORGANIZED LABOR'S CHAMPION.

Norton Chase, the Democratic candidate for the office of Attorney-General, is, like most of his colleagues on the ticket, a young man. He was born in Albany, Sept. 3, 1861, and was the youngest member who sat in the State Senate of 1890-1. He was graduated with honors from the Albany Academy in 1878, attended Yale College for a year, and entered the Albany Law School, receiving the degree of LL. B. therefrom in 1882 He studied law with the late Judge Samuel Hand, and on the latter's death the firm of Chase & Delehanty was formed. The young firm soon became one of the most prominent in the city.

In 1885, when only twenty-four years of age, Mr. Chase was elected to the assembly from the third district, by a plurality of 3,210 over Harmon P. Read, the Republican candidate.

He was nominated for the State Senate on October 8, 1887, but the board of canvassers awarded the seat to his opponent, Henry Russell, who figured out a majority of six for the Republican candidate.

Two years later Mr. Chase was elected to the Senate by a majority of 3,263 over George H. Treadwell Mr Chase has always taken an active interest in military matters, and is a Major of the 10th Battalion, N. G. S. N. Y. Throughout his term he was an active and trusted friend of organized labor. He was one of the speakers on the Democratic Canalboat "Thomas Jefferson" in 1888, whose trip along the Erie Canal will be well remembered by many. Mr Chase is married and resides in Albany.

THE MAN WHO WILL BEAT COLVIN.

DeWitt Clinton Dow, the candidate for State Treasurer, was born in West Fulton, Schoharie county, N. Y., August 24th, 1852. He became a resident of the village of Cobleskill in 1867, and was educated at the village academy and subsequently graduated at the Albany Business College.

In 1871, he secured a position in the First National Bank of Cobleskill and four years later was elected its cashier, which position he still holds, and is also a member of its Board of Directors. For many years he has directed its affairs and by his liberal and conservative business methods the bank has become to be recognized as one of the strong banking institutions of central New York. He was interested in the organization of the First National Bank of Middleburgh in 1883 and is one of its directors.

Mr. Dow has been a trustee of the village of Cobleskill for twelve years and for six years its president; during this time Cobleskill has been provided with complete systems of water works, sewerage and electric lighting and in these and all other local enterprises Mr. Dow has been the leading spirit.

He is an enthusiastic Democrat, always contributing liberally of his time and means for the advancement of Democracy, and for many years his advice has been solicited in the counsels of his party He has frequently represented his county in State and district conventions and in 1889 was elected treasurer of Schoharie county and re-elected in 1892. He is social, liberal and broad minded and holds a high position in the village and county in which he resides.

He is married and a son and two daughters form his family circle.

A PRACTICAL EGINEER.

Russell R. Stuart, the Democratic nominee for State Engineer and Surveyor, was born in the town of Hamburg, Erie county, forty-eight years ago. He has been a resident of the city of Syracuse during the past sixteen years. He has never held public office. Two years ago he was urged strongly by his followers to enter the race for nomination of State Engineer, but declined to run against Mr. Schenck. He is one of the best known Democrats in central New York. He is an engineer by virtue of a long practical experience. Starting in the engineering department in the canal office in Syracuse as an assistant in 1880, he rose to be division engineer, to which position he was appointed by State Engineer Schenck, in January, 1891, and which position he held down to Engineer Schenck's retirement from office. He has a practical and unquestionable knowledge of the canals and their needs and is abundantly competent for the office to which he is about to be elected.

HE ALWAYS RUNS AHEAD.

Judge John D. Teller, the nominee of the Democratic party for the Court of Appeals, is a native of the town of Kingsbury, Washington county, and was graduated in 1867 from Williams College. He studied law with Hughes & Northrup at Sandy Hill—a distinguished firm of Democratic lawyers. Mr. Hughes being at one time clerk of the Court of Appeals, and Judge Northrup appointed by Gov. Cleveland as one of the first members of the Board of Claims in 1883. Judge Teller was admitted to practice in 1870, and made a forlorn-hope canvass as the Democratic candidate for district-attorney of Washington county in 1871. In 1872 he moved to Auburn, and has since resided in that city. In 1876 he was nominated for the office of police justice, and although the Republican nominee received many Democratic votes Mr. Teller was elected through the efforts and support of leading Republicans and the office has ever since until last Spring been held by Democrats. In the election Mr. Teller received but one majority and a contest was made in the courts and after 15 months' delay the case was decided by the General Term of the Supreme Court in favor of Mr. Teller and he took possession of the office in July 1877. The affairs of the office then held by Mr. Teller were conducted greatly to the satisfaction of the public and Mr. Teller was urged to accept a renomination, but his law practice had been growing in the meantime and having higher ambition he declined to be a candidate. In the year 1883 Mr. Teller's friends, somewhat against his inclination, induced him to accept the Democratic nomination for surrogate of Cayuga county. When the smoke of a hot political battle had cleared away it was found that Judge Teller had been elected by over 600 majority, although the State ticket went Republican by about 1,200 majority. This office was also held by Judge Teller with universal acceptance. Under his administration the court rooms and record department were reconstructed, reforms were inaugurated and many important cases were decided.

In 1877 the Democratic Judicial convention at Rochester unanimously selected Judge Teller as nominee for justice of the Supreme court. He was defeated by Justice Adams, who is now a candidate for the Court of Appeals bench, but his popularity was evidenced by running ahead of the State ticket in each county nearly 1,000 votes.

In 1889 Mr Teller against his wishes was nominated for State Senator against Thomas Hunter, and with but little effort ran considerably ahead of his ticket.

Judge Teller has been active in politics, but he has kept clear of factional entanglements and in 1891, he was chosen as a compromise chairman of the county committee and settling the factional differences of that year, so conducted the campaign that the returns were highly pleasing to the party managers.

THE WINNING TICKET.

Such is the personnel of the ticket, named by the delegates and no boss, upon which the united Democracy of the State, on a sound platform of Democratic doctrine goes before the people this year.

A. E. H.

KING OF KINGS.

Good Story of the Democratic Candidate for Secretary of State.

"I am a modest man," says General King, "and I have never quite gotten over the shock to my nerves caused by an incident which happened down in Suffolk county a few years ago.

"I was to speak at a Democratic meeting, along with Congressman James W. Covert That was all right, but the posters were the funny part of it They were the ordinary full-size political speech posters, with great big letters, on which my name appeared in this way:

GEN.
HORATIO C.
KING
OF
KINGS

"Kings of Kings! That doubly royal title for a plain American citizen nearly staggered me, and even yet I wonder what the citizens I addressed that night must have thought of my humble self after reading that poster."

Campaign Chat.

One of the first courses on the bill of fare will be the settling of Mr. Colvin's hash by the hotel men. There will be no Anderson in the next State Treasurer's employ.

Rochester Good-Government clubs will co-operate with the Democrats to defeat Aldridgeism at the polls.

The accident that elected the accident ticket of 1893 was the sort of calamity that does not report itself.

Considering the issues at stake, any Democratic vote wasted this year or by voting in the air on senator or assemblyman would be especially deplorable. Vote for Democratic legislators and low taxes.

For Conscience Sake.

Two of the leading Republican papers of Orleans county, the Orleans Herald and the Albion Free Lance, have thrown off the machine shackles and will refuse to support the local ticket foisted upon the party by sinister methods of the Platt machine.

whether due to the inheritance of some scrofulous disorder, or caused by a depleted condition of the system, is the cause of much agony. DEMOCRATIC ASSEMBLY CONVENTION—SECOND DISTRICT.

The Democratic Assembly Convention, for the Second Assembly District of Orange county, will be held at the Assembly Rooms, in the city of Middletown, on Wednesday, the 9th day of October, 1895, at 12 o'clock noon, for the purpose of nominating a candidate for the assembly, and for such other business as may come before the convention.

WM. H. ORANE, } Assembly
WM. POBLMAN, } Committee.

Dated Sept. 30th, 1895.

DEMOCRATIC COUNTY CONVENTION.

A Democratic County Convention will be held at Goshen, N. Y., on Tuesday, Oct 8th, 1895, at 12 o'clock noon, to select candidates for the different county offices, and transact such other business as may come before the convention.

S. D. ROBERSON, Chairman.

B. B. SAYER, Secretary.
Dated Sept. 27th, 1895.

DEMOCRATIC NOMINATIONS.

For Secretary of State, HORATIO C. KING, of Kings county.

For Comptroller, JOHN B. JUDSON, of Fulton county

For Treasurer, DEWITT C. DOW, of Schoharie county.

For Attorney-General, NORTON CHASE, of Albany county.

For Engineer and Surveyor, RUSSELL R STUART, of Onondaga county.

For Judge of the Court of Appeals, JOHN D. TELLER, of Cayuga county.

SENATORIAL.

For Senator, GEORGE HICKEY, of Rockland.

JUDICIARY.

For Justices of the Supreme Court, MARTIN J. KEOGH, of Westchester county. ALMET F JENKS, of Kings county JAMES W. COVERT, of Queens county.

The Democrats of Sullivan county, at Monticello, Saturday, nominated the following very strong ticket: For Member of Assembly, E. M. Branning, of Tusten; for County Treasurer, James Simpson, of Fallsburgh; for District Attorney, David S. Hill, of Liberty; for Special County Judge, Joel C. Fish, of Liberty.

In the Republican convention in the Sullivan, Delaware and Chenango District, over 250 ballots were necessary before a candidate for Senator was nominated. When the break occurred four of Sullivan's delegates voted for James Ballantine, of Delaware county, and two for John W. Church, of Chenango. Mr. Ballantine's nomination was desired by Platt and several weeks ago those on the inside of Republican politics were confident of his nomination.

WILL REPRESENT HIS DISTRICT.

From the Nyack City and Country.

The people of this district wish to be represented in the Senate. Lexow was not elected to be the catspaw of Platt or to run New York City politics. He was elected to attened to his district and constituents, but he sadly neglected his duties in this direction.

In Mr. Dicky we have a man who is qualified in every particular to assume the duties of the high office to which he aspires. He is an educated gentleman and one in whom we have every confidence. For years he has been one of the Democratic leaders of the county and honorbly filled important offices Mr. Dickey is personally popular and deserves to be elected.

It is Known By Its Cures

It is not what we say, but what Hood's Sarsaparilla does, that tells the story of its merit.

The thousands of people whom it has raised from disease and despair to happiness and health, are the strongest and best advertisements Hood's Sarsaparilla has. No other preparation in existence has such a record of wonderful cures.

This is why Hood's Sarsaparilla has the largest sale, and requires for its production the largest laboratory in the world.

Now if you need a good medicine, why not try that which has done others so much good. Remember

Hood's Pills act harmoniously with Hood's Sarsaparilla. 25c

To remove the constipated habit, the only safe treatment is a course of Ayer's Pills, followed by a laxative diet. Most other cathartics do more harm than good, therefore leading physicians recommend Ayer's Pills, especially as a family physic.

Confusion as to the choice of a blood-purifier is unnecessary. There is but one best Sarsaparilla, and that is Ayer's. This important fact was recognized at the World's Fair, Chicago, 1893, being the only blood-purifier admitted to be placed on exhibition.

THE REPUBLICAN ULTIMATUM.

Ottendorfer Must Accept Republican Excise Plank and Nominations or the G. O. P. Goes It Alone.

BY UNITED PRESS.

NEW YORK, Oct. 7.—The Republicans have informed representatives of the organizations opposed to Tammany that unless Ottendorfer, of the *Staats Zeitung*, endorsed the excise plank and nominations of Republicans, to be made to-night, a straight Republican county ticket would be nominated.

A DIFFICULT OPERATION.

A Woman's Leg Amputated at the Hip Joint

In February last, Miss Minnie Penney, daughter of Beverly Penney, of Mountain Dale, fell and broke her thigh bone. Her family physician and a Middletown doctor reduced the dislocation. She did not make as good recovery, the injured leg being several inches shorter than the other. Her condition finally became such that she consulted Dr. Neal, of Ellenville, who advised amputation. Saturday was fixed as the time for the operation and Dr. Douglas, of this city, was called to assist Dr. Neal. Drs. Ben Bevier, of Napanoch; Curlette, of Mountaindale, and Munson, of Woodbourne, were also present. After ether had been administered, it was fond that in addition to the fracture which the doctors had treated there was another fracture three inches below the hip joint, which had not been previously discovered. In view of this, the leg was amputated at the hip joint, the thigh bone being disarticulated from the socket.

Miss Penny rallied from the operation and at last accounts was doing nicely.

PUBLIC VOICE.

An Imperative Need for a New Academy.

EDITORS ARGUS:—The question of a new school house is to be settled by our citizens, tomorrow. The matter is one of the gravest importance. A better supply of better water and a new city hall may be desirable, but the need of safe and suitable school accommodations is imperative.

The dangerous condition of the Academy building attracted my attention while the scholars were under my supervision. The vibration of the walls was so great when the pupils passed in a mass through the halls or from one room to another on their way to and from recitation, that it was deemed advisable to discontinue the usual orderly custom of keeping step and we had them march with broken step. Moreover the bulgings of the walls and the separation of the floors in some cases from the walls, were certainly omens of danger.

No one who has a child whom he loves and wishes to educate should vote against the new school house. Vote once, vote early, and vote yes.

MIDDLETOWNS ARE CHAMPIONS.

The Deciding Game of the Series With Goshen Won "Hands Down"—A Goshen Man's Futile Attempts to Play the Whole Game—How the Victory Was Won.

We are still champions! The fifth and deciding game between Middletown and Goshen was played, Saturday afternoon, at Goshen, and the team from this city was victorious by a score of 19 to 13.

The Middletowns were strengthened in the field by a shaking up of their players and the addition of Madison at third base. Genegel went to first base as was suggested by the ARGUS and "Pa" Clinton was induced to go back into centre field.

Rice, who has been playing left field all season, was the only "experiment" that Manager Lawler had not tried in the pitcher's box, so he was pressed into service. He pitched a good game for a man who had never filled the position before, and although Goshen is credited with sixteen hits he struck six men out, and held his nerve at critical points in the game.

Goshen outbatted the Middletowns, but played miserably in the field. "Danny" Kiernan was responsible for several runs, his overanxiety to win the game causing him to attempt to field every position with disastrous results.

Kipp and Miller dropped several flies in centre field, but the errors were excusable in the case of Miller, who had the index finger of his right hand split by a foul tip in the third inning. He gave way to O'Neal and the latter's wild throwing aided materially in raising Middletowns score

Tierney pitched a good game and with proper support should have won. But one man can't do it all.

The Middletowns scored in every inning, except the third. With three men on bases and no one out Rice struck out and Lawler sent a hot liner in Hock's direction. That player had no time to get out of the way and the ball stuck in his hands as he put them up to protect his face. He was so surprised that he nearly failed to complete a double play by touching third base and catching Agnew who had started for home.

Troxell's home run in the second inning was rewarded by a fiver from Dr. Talcott, who was present at the game Genegel had a close call for another five when he tried to turn his three bagger into a home run. He was caught a foot from the plate.

The umpires were Manager Franklin, of Port Jervis, and Mr. R J. Hock, of Goshen. They had several very close decisions to make, but gave general satisfaction.

The score:

THE COMMON COUNCIL.

A QUORUM OBTAINED AT LAST AND A MEETING HELD.

A "Long Talk" by the Mayor—A Bid for Popularity—Bridge Contract Let—Inspectors Appointed—More Buncombe—A Commission Asked for to Open Linden Avenue.

A quorum of the Common Council was secured Saturday night. There were present Messrs Dorrance, Funnell, Hirst, Mance, Reed and Sinsabaugh.

Chief Engineer Thorpe asked permission for Excelsiors to take their truck to Yonkers on October 17th, and on Mr. Mance's motion permission was granted.

The Mayor gave a "long talk" on the proposed new school building. It was to the effect that there should be a clause in the contract requiring the builders to give employment to Middletown men. He suggested that the committee on public buildings be empowered to look after this matter and be in a position to compel the employment of home labor.

It was very apparent that all this talk was for political effect, and at last Mr. Reed tired of it and said, "Where are we at?" This silenced the Mayor, and Mr. Reed moved that the maps of the proposed Broad street sewer be approved as filed. The motion was carried, and he then moved that a sanitary sewer be constructed in accordance with the maps filed and this was carried.

Mr. Reed offered a resolution to build a bridge on Lake avenue according to plans filed by the engineer and that the contract be awarded to the Berlin Bridge Co., for $887.

The bids were to have been opened Thursday night at the regular meeting, but as there was no meeting, inquiries were made as to bids filed, it being a matter of public interest.

Mr. Mance saw the point and moved that the bids be read. They were as follows:

Havana Bridge Co.	$ 940 00
J. A. Lovely	1,189 00
Dean & Westbrook	1,300 00
W. F. Merritt	935 00
Berlin Bridge Co.	887 00

Mr. Lovely then asked permission to address the council. He said he had not had a fair opportunity. After his bid was filed changes were made in the plans and other bidders had been notified of such changes, but he had not. As a Middletowner he claimed equal rights with out of town bidders but had not been accorded them—he hadn't had a square deal. He was not asking for favors, but the same treatment that was accorded to others.

The city engineer said the changes in the plans called for 1,200 pounds more metal, which would naturally involve greater cost.

Mr. Lovely said he was not willing to say that he would do the work for less than the lowest bid, but he contended that he ought to have been given a fair show.

Mr. Reed called for action on his motion to award contract.

Mr. Hirst wanted to know if Mr. Lovely would have made a difference in his bid if he had known of the plans.

Mr. Lovely said he did not know the changes made. He might guess, but could not say positively as he had not been given an opportunity to estimate on the changed plans.

Mr. Dorrance gave Mr. Lovely the comforting assurance that the changed plans were on file in the Clerk's office, and Mr. Reed assured him that if he had considered the changed plans, he would have increased his figures and his motion to award the contract was carried.

On motion of Mr. Reed, it was ordered that inspectors for the taxpayers meeting be appointed and that the compensation be $8 per day.

Mr. Funnell named C. B. Hulse; Mr Reed, DeWitt Purdy, and Mr. Hirst, I. B. A. Taylor, and all were appointed.

Mr. Reed followed suit to the Mayor's lead for popularity by offering a resolution that in case the property holders vote to build a new high school, that Middletown men be employed in all the departments and that the committee on public buildings be empowered to hear all complaints and adjust any differences that might arise. The resolution was adopted.

On Mr. Hirst's motion a draft for $700 was ordered drawn for the appropriation to the firemen, and $50 each for General Lyon Post and Captain Jackson Post.

On Mr. Reed's motion the Clerk was authorized to procure tickets for the special election.

On motion of Mr. Sinsabaugh, it was ordered that notes and certificates of indebtedness amounting with interest to $14,051 50 be paid.

A resolution to apply to the Court for the appointment of a commission to extend Linden avenue through the lands of Mr. Wallace was offered.

Mr. Hirst said he thought council should go slow in this matter. He had seen Mr. Wallace and knew he was willing to open the street if the survey was properly made. There is a crook in the proposed line that spoils Mr. Wallace's lots. He wanted to know what it was going to cost to open the street, and moved that the matter be laid over and investigated.

Mr. Dorrance said the matter had been investigated and the street should be put through.

Mr. Hirst insisted that the cost of putting the street through should first be ascertained, but could get no information and his objections had no weight with the majority.

The resolution was carried. Messrs. Dorrance, Funnell, Reed and Sinsabaugh voting aye and Mr. Hirst no. add council

A right of way for a surface sewer, on Beacon street, was filed by Mrs. Hasbrouck and accepted.

City Clerk Hamilton filed a report of delinquent taxes. There are 266 delinquents and the amount of their taxes is something over $10,000. On Mr. Reed's resolution the properties are to be advertised for sale Oct. 24, but taxes may be paid up to Oct. 21.

An agreement of the mayor with F. W. Youngblood for drainage privileges on the Pleasure Grounds was ratified.

An invitation to participate in the parade and inspect the fire department was read and accepted.

STRUCK BY THE CARS.

Two Horses Run Down on the Lehigh and Hudson Track.

Two horses belonging to John Ryan and one belonging to William Durland, which were being pastured on Mr. Ryan's farm, three miles east of Chester, got out of the field, shortly after midnight, Saturday night, and started for the barn. At the East Chester crossing, they, for some reason, turned up the Lehigh and Hudson track. The "flyer" came along shortly afterwards and struck both of Mr. Ryan's horses, killing one and badly injuring the other. Mr. Durland's horse escaped injury.

A Century Run

Shrouded in Smoke from the Drowned Lands Fires

For several hours, yesterday morning, this city was so densely shrouded in smoke from the Drowned Lands fires that it was possible to see only a few feet in any direction. The Cedar Swamp fire is burning more fiercely than ever and unless a soaking rain comes soon the whole swamp with quantities of valuable timber will be destroyed.

Piles! Piles! Itching Piles

SYMPTOMS—Moisture; intense itching and stinging; most at night; worse by scratching. If allowed to continue tumors form, which often bleed and ulcerate, becoming very sore. Swayne's Ointment stops the itching and bleeding, heals ulceration, and in most cases removes the tumors. At druggists, or by mail for 50 cents. Dr. Swayne & Son, Philadelphia.

INCIDENTS AND HAPPENINGS IN COSHEN.

Death of David Huff—Gone to New York—A Duke and Future Duchess in Town—Smoke Laden Air—Tuxedo Coaching Parade.

From Our Regular Correspondent.

—Mr. David Huff, an aged colored resident of Goshen, died at his home at 3 a. m., Saturday, Oct. 5. Mr. Huff served during the war as Corporal of Co. H. 14th Regt., Rhode Island Volunteers. He was born at Mt. Eve about 72 years ago, and has resided in Goshen for the past 40 years. A widow and two sons survive him. Mrs. Huff desires to thank the G. A. R. Post, of this village, for their kindness during the illness of the deceased. The funeral took place this afternoon, at 2 o'clock, from the A. U. M. P. Church.

—Mr. Robert Kennedy left Goshen, to-day, for New York, where he has secured a lucrative position in a bakery with Mr. Geo. Ackley, a former resident of this place.

—The Duke of Marlborough and his fiance, Miss Consuelo Vanderbilt, came in on the Wallkill Valley road, Saturday, and took Erie train 2 at this station for Tuxedo. They had to wait here about five minutes and the Duke and Duchess exhibited themselves to the public, strolling up and down the station platform several times.

—When the wind is from the southwest, and more particulary in the early morning, the streets of Goshen are filled with smoke from the fires in Drowned Lands region. The lots and meadows, just beyond Ryerson's bridge, in the vicinity of the pusher station are also on fire. The pusher engine, No. 539, is said to be responsible for these fires, which are also the cause of much smoke. This is not the reason, however, that the inhabitants of "Coontown" are of such a smoky, dusky color.

—Next Saturday, Oct. 12, the day of the Tuxedo coaching parade, will surely be a "large day" in Goshen. Handsome lithographs were posted all over the county, to-day, announcing the event. Entries for three trotting races are now being recived. The purses are liberal and the classes will doubtless be well filled. An Orange county band of thirty pieces will furnish music for the occasion.

IN ANCIENT GOSHEN.

A General Resurrection of Ancestors

From a Special Correspondent

—A few years ago, a popular fad among many people was the hunting up by them of furniture used by their ancestors. Many an old attic and storeroom were thoroughly ransacked and made to disgorge their treasures. Often that which had been discarded as useless lumber was now dragged forth, furbished up and polished and given a place of honor below stairs. From a search for ancestral belongings, the craze has now spread to a hunt for the ancestors themselves. Of course most of us have always taken for granted that we had the proper number of grand and great grandmothers and fathers, but recently we have felt more curiosity as to their lives, characters and general respectability. This ancestor hunt must necessarily result somewhat like that for the furniture. Now and then we find a treasure whom we hail with joy, brush the dust from him and exhibit him with pride to our friends. Then perchance we may happen across another whom we gladly thrust back into his former obscurity, pull the cobwebs over him once more or turn the key of the closet door upon him. We turn hastily away from this poor old black sheep, who frisked and gamboled and shocked his white-faced brethren so many, many years ago, and, leaving him in his dusty corner, where no one can even hear a ghostly call from him in the silent night watches, tuck the pictures of our most respectable relatives under our arm and take them down stairs with the safe feeling that we are prepared to answer any questions that may be asked about them. A LIVELY CAMPAIGN.

Candidate Griggs Promises an Active Canvass In New Jersey.

John W. Griggs, Republican candidate for governor of New Jersey, is 46 years of age, but looks younger. He is an able lawyer of moderate wealth, is a politician and legislator of nearly a score of years' experience and has considerable local reputation as an adroit parliamentarian, and as an orator whose cutting sarcasm is enjoyable when it is leveled at some man other than the hearer. He was born near Newton, Sussex county, N. J., July 10, 1849, and was graduated from Lafayette college in 1868. He studied law with Socrates Tuttle in Paterson and displayed such talent in his profession that a year after his admission to the bar he became Tuttle's partner.

JOHN W. GRIGGS.

He was an active Republican long before he could cast a vote, and at the age of 26 was induced, much against his will, to run for the New Jersey assembly. He was elected, and although new to the intricacies of parliamentary debate he at once became one of the conspicuous figures in the assembly and impressed all who made his acquaintance with his ability for legislative work. When he stood for re-election, however, his district failed to return him. Undaunted by defeat, he secured the city attorneyship of Paterson, an office he held four years, and continued his active participation in politics. In 1882 he was elected to the state senate and served there as a senator for six years. At the beginning of his second term he was chosen president of the senate, and during his entire six years of service in that body was a power in the legislative councils of his party.

About a year ago, when there was a vacancy on the bench of the supreme court of New Jersey, the place was offered to Mr. Griggs, but he declined it. He has a large practice as a lawyer, and is a man of great energy and inexhaustible resources. He began his campaign the moment he was nominated, and has promised to speak in every township in the state before the polls are thrown open in November. The governor of New Jersey receives a salary of $10,000 a year and serves three years.

GERMANY'S FOREMOST SOLDIER.

Von Waldersee Generally Regarded as the Commander In the Next War.

If Germany goes to war in the near future, Count von Waldersee will without doubt command the armies of the kaiser. His ancestors have been soldiers for 200 years. He is a veteran of two wars, and is generally regarded as the greatest living strategist and tactician in Germany today. At the recent Stettin

COUNT VON WALDERSEE.

maneuvers he displayed generalship of a high order, turned the military programme topsy turvy and won so many unforeseen advantages from the kaiser himself that he received the hearty congratulations of the kaiser, Prince Bismarck and King Humbert of Italy. The kaiser, although outgeneraled, did not content himself with words, but promoted Von Waldersee to be a field marshal.

Von Waldersee is a soldier of particular interest to the people of this country because of the fact that his wife is an American woman. She was formerly Miss Mary Lea, daughter of a wealthy wholesale grocer of New York city. She was born in 1838, and at the age of 26 married Prince von Noer, a septuagenarian, who very obligingly died six months later, leaving his young widow a fortune of about $1,000,000. The emperor of Austria created her a princess in her own right, and after two years of widowhood she married the dashing Von Waldersee. She has since been a power in German political circles, and is said to be fully as ambitious and fully as brilliant a matchmaker as her husband.

Von Waldersee was born in Potsdam in 1832 and entered the army at the age of 18. He has been a soldier ever since and has made the most of his 15 years' experience. He served with distinction in the war of 1866 and in the Franco-Prussian war, and when Field Marshal Von Moltke resigned as chief of the general staff, in 1888, Von Waldersee was appointed to the coveted place. Two years later he resigned, to the great surprise of the emperor, it is said, and has since been commander of the Ninth Army corps. That he is again high in imperial favor is shown by recent events. His wife is a cousin by marriage of the empress and is said to possess great influence over both the empress and emperor.

"Matron of a Benevolent Home and knowing the good Dr. Miles' Nervine has done me, my wish to help others, overcomes my dislike for the publicity, this letter may give me. In Nov. and Dec., 1893, The influenza had the "LaGrippe," and I was one of the first. Resuming duty too soon, with the care of so many sick, I did not regain my health, and in a month I became so debilitated and nervous from sleeplessness and the drafts made on my vitality, that it was a question if I could go on. A dear friend advised me to try Dr. Miles' Restorative Nervine. I took 2 bottles and am happy to say, I am in better health than ever. I still continue its occasional use, as a nerve food, as my work is very trying. A letter addressed to Milwaukee, Wis., will reach me."

IN Society women often feel the effect of too much gayety—balls, theatres, and teas in rapid succession find them worn out, or "run-down" by the end of the season. They suffer from nervousness, sleeplessness and irregularities. The smile and good spirits take flight. It is time to accept the help offered in Doctor Pierce's Favorite Prescription. It's a medicine which was discovered and used by a prominent physician for many years in all cases of "female complaint" and the nervous disorders which arise from it. The "Prescription" is a powerful uterine tonic and nervine, especially adapted to woman's delicate wants for it regulates and promotes all the natural functions, builds up, invigorates and *cures*.

Many women suffer from nervous prostration, or exhaustion, owing to congestion or to disorder of the special functions. The waste products should be quickly got rid of, the local source of irritation relieved and the system invigorated with the "Prescription." Do not take the so-called celery compounds, and nervines which only put the nerves to sleep, but get a lasting *cure* with Dr. Pierce's Favorite Prescription.

"FEMALE WEAKNESS."

MRS. HOOVER.

MRS. WILLIAM HOOVER, of *Bellville, Richland Co., Ohio*, writes: "I had been a great sufferer from 'female weakness;' I tried three doctors; they did me no good; I thought I was an invalid forever. But I heard of Dr. Pierce's Favorite Prescription, and then I wrote to him and he told me just how to take it. I took eight bottles. I now feel entirely well. I could stand on my feet only a short time, and now I do all my work for my family of five."

General Mahone Awaiting Death.

WASHINGTON, Oct. 7.—The condition of ex-Senator Mahone, of Virginia, shows no particular change. He is simply clinging to life by a slender thread, which his physicians think may be severed at any time He remains in a comatose condition, from which he is aroused only with an effort, and his digestive organs are also failing, which adds to the hopelessness of the case.

Elevator Weight Kills Two.

HARTFORD, Oct 7.—John Farr, elevator boy at the Patterson building, in Asylum street, stuck his head through the netting into the elevator well and was struck by the weight. His skull was fractured. Janitor Melvin Barber, a short time later, was showing how it happened, when he was struck by the weight and killed. He leaves a widow and family.

Big Fire and No Water.

WILKESBARRE, Pa., Oct. 7.—The borough of Sugar Notch, which has been without water for some time, was the scene of a conflagration Saturday evening which threatened the destruction of the town. The fire engine from Ashley went to the rescue and the fire was gotten under control. Loss, $10,000.

Going Back to the White House.

BUZZARD'S BAY, Mass., Oct. 7.—President Cleveland will probably leave Gray Gables for Washington sometime during the present week, after one of the longest sojourns at his summer home here ever made by him. Mrs. Cleveland and the three children will remain for a week or two longer.

Another Law Declared Void.

TOPEKA, Kan., Oct. 7.—An important decision has been handed down by the supreme court, involving the validity of one section of the prohibitory law. The law of 1889 conferred upon police officers the authority to enter any place where it was thought liquor was being sold and make arrests without a warrant. The court holds that this section, in so far as it authorizes an arrest without a warrant for misdemeanors not committed in the view of the officer, is unconstitutional and void.

Yale-Princeton Football Game.

NEW HAVEN, Conn., Oct. 7.—The football managers of Yale and Princeton have signed a contract for Manhattan field for Saturday, Nov. 23, where the Yale-Princeton football game will be played. Negotiations for securing Columbia oval for the same were nearly completed, but had to be abandoned, as the grounds could not be placed in condition in time for the event.

Higher Wages for Miners.

UNIONTOWN, Pa., Oct. 7.—Reports from the West Virginia coal regions are to the effect that the operators will grant an advance to prevent a strike. The men have been organizing for several months to be ready to join the movement in case a general strike occurred in the Connellsville region, which was prevented by the operators of this region granting an advance.

Will Soon Fight In Abyssinia.

ROME, Oct. 7.—Official dispatches received here indicate that a further conflict between the Italians and the forces of Ras Mangascia, the Abyssinian leader, is imminent. General Baratieri, the governor of the Italian colony of Erythrea, and commander of the forces there, has 10,000 troops at his disposal. He has an abundance of artillery and ammunition.

Bethlehem's Abundant Water Supply.

BETHLEHEM, Pa., Oct. 7.—Although the long continued drought is severely affecting in various ways this section of the country, the water supply of Bethlehem shows no sign of giving out. The artesian well which was added to the water works two years ago continues to give an apparently never ending supply of pure and wholesome drinking water.

Murdered by a Fellow Italian.

WESTFIELD, N. J., Oct. 7.—In the shanty where three years ago an Italian known only as No. 26 on the sewer works was stabbed to death another man was killed yesterday afternoon The man who did the shooting was Pacpha Benkriste, of Plainfield The victim was Dominico Celli, the bartender and general manager of the boarding quarters of the Italians. Celli and the visitor had a dispute relative to the amount due for drinks, and Benkriste pulled a revolver. He fired and the bullet entered the barkeeper's left temple, inflicting a wound from which he died shortly afterwards. Benkriste took to the woods.

Bold Attack by Cuban Insurgents.

That night at 8 o'clock the insurgents under Sanchez entered the city of Santa Clara, entering as far as Central park, killing many Spanish soldiers, obtaining their arms, ammunition and provisions, and returning to the country It was a most daring attack, and caused much excitement.

Castoria.

"Castoria is an excellent medicine for children. Mothers have repeatedly told me of its good effect upon their children."
DR. G. C. OSGOOD, Lowell, Mass.

"Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other hurtful agents down their throats, thereby sending them to premature graves."
DR. J. F. KINCHELOE, Conway, Ark.

Castoria.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me."
H. A. ARCHER, M. D., 111 So. Oxford St., Brooklyn, N. Y.

"Our physicians in the children's department have spoken highly of their experience in their outside practice with Castoria, and although we only have among our medical supplies what is known as regular products, yet we are free to confess that the merits of Castoria has won us to look with favor upon it."
UNITED HOSPITAL AND DISPENSARY, Boston, Mass.

RUINED.

A Three by Six Cake Would Hardly Contain That Name.

The hall of the city council was full of enthusiastic women, who cheered aloud as the new mayoress read the law just passed providing that every woman should bear her own name as well as her husband's and that every man should be compelled to assume his wife's name as a prefix to his own. But among the plaudits of the crowd there were undercurrents of protest. Mrs. Montmorency, now Mrs. Boggs-Montmorency, pulled down her veil impatiently. She had married Montmorency mainly to get rid of the name of Boggs, and now she frowned as she passed out, jostling an old man who, feebly shaking his head was muttering to himself: "Lost! Lost! Lost! Hopkinson-Wilberforce-Rotterbottom-Vanderdecken—and only three by six! No, no!" His voice rose to a wail.

"What is it?" asked Mrs. Boggs-Montmorency not unkindly.

"Oh, madam," said the old man, "mock me not with the semblance of sympathy. You and your sisters have done this—the stronger sex, that ever tramples on the weaker. Listen," and he seized her arm feverishly. "I am Wrinkler, the soap man. Have you not all seen my name upon the oblong cake that marks the advent of washing day in every home? That name was my trade mark, my living, my all. And now—now," his voice rose in shrill anger, "under your accursed law I am ruined. Four times have I been married—once to a Hopkinson, again to a Wilberforce, then to a Rotterbottom and now to a Vanderdecken. Ha! Ha!" he laughed wildly—"Hopkinson-Wilberforce-Rotterbottom-Vanderdecken-Wrinkler's soap! And this upon a three by six cake! It is beyond the power of man, beyond the help of science! I am ruined and undone. Lost! Lost! Lost!" And wringing his wrinkled hands he rushed away, while the applause of the unthinking crowd within still lingered upon the air.—Life.

A Shrewd Buyer.

Salesman—These shirts are $12 a dozen, with a sample shirt gratis.

Customer—H-m! Well, you can make me one dozen sample shirts.—Buch fur Alle.

Grim Jesting.

Deathbed jokes are generally not authentic. The celebrated one attributed to Tom Hood, for instance—that he protested against blaming the undertaker who had blundered into coming before the great wit was dead and said that the man had "only come to urn a lively Hood"—is known to be decidedly apocryphal.

Nevertheless a remark somewhat of the same sort which is attributed to Lord Chesterfield in his last illness is undoubtedly authentic. Chesterfield was very ill, and his death was only a matter of a few weeks, but his physician advised that he be taken for an easy drive in his carriage, and he went out.

As the equipage was proceeding slowly along it was met by a lady, who remarked pleasantly to the great invalid:

"Ah, my lord, I am glad to see you able to drive out."

"I am not driving out, madam," answered Chesterfield "I am simply rehearsing my funeral"—Youth's Companion.

The Tailor's Mistake.

"John!" There were tears in her eyes as she spoke.

"Yes, my dear."

"I think it's just too mean for anything."

"What is, Mary?"

With a effort she choked back a sob.

"My bloomers," she said.

"What about them?" he asked.

"I sent them to your tailor to be cleaned," she explained, "and—and"—

"Well, what did he do?"

"He—he pressed them."

And she tearfully held up a pair of scissors for his inspection.—Chicago Post.

The Infant Terrible.

"Now you must let papa's watch alone."

"I won't hurt it, papa. I just want to"—

"Percy, don't I tell you?"

"I don't want it. I only want to see what makes it"—

"If you don't let that watch alone, I shall have really to punish you."

"I will"—

"Will you put it down?"

"All I want to do with it is to"—

"Percy, do you hear what I say?"

"Yes, and you'd hear what I say if you didn't talk so much."—Chicago Tribune.

Relief in Six Hours.

Distressing Kidney and Bladder diseases relieved in six hours by the "THE GREAT SOUTH AMERICAN KIDNEY CURE." This new remedy is a great surprise and delight to physicians on account of its exceeding promptness in relieving pain in the bladder, kidneys, back and every part of the urinary passages in male or female. It relieves retention of water and pain in passing it almost immediately. If you want quick relief and cure this is your remedy. Sold by J. E. Mills, druggist, Middletown N. Y.

A Common Danger.

If you have ever had a cold which you permitted to "wear away" it may interest you to know it was a dangerous proceeding. Every cold and cough which is neglected paves the way for consumption, bronchitis, asthma or catarrh. Otto's Cure, the famous German throat and lung remedy, will cure any cough or cold and save you from consumption. Call on John J. Chambers and get a sample bottle free. 7

Some days nothing will "come out right," from the time you rise till you retire. Ten to one, the trouble is in yourself. Your blood is in bad condition, and every organ suffers in consequence. What you need is the cleansing, invigorating influence of Ayer's Sarsaparilla.

When Baby was sick, we gave her Castoria.
When she was a Child, she cried for Castoria.
When she became Miss, she clung to Castoria.
When she had Children, she gave them Castoria.

There is great danger in neglecting Colic, Cholera and similar complaints. An absolutely prompt and safe cure is found in Dewitt's Colic & Cholera Cure. W. D. Olney.

Rebecca Wilkinson, of Brownsvalley, Ind., says: "I have been in a distressed condition for three years from nervousness, weakness of the stomach, dyspepsia and indigestion until my health was gone. I had been doctoring constantly with no relief. I bought one bottle of South American Nervine, which did me more good than any $50 worth of doctoring I ever did in my life. I would advise every weakly person to use this valuable and lovely medicine; a few bottles of it have cured me completely. I consider it the grandest medicine in the world." Warranted the most wonderful stomach and nerve cure ever known. Sold by J. E. Mills, Middletown, N. Y.

How to be Handsome.

It is a mistake to suppose that the only way to be good looking is to be born so. Good health has more to do with good looks than anything else. Such diseases as constipation, dyspepsia, liver complaints, rheumatism, nervous disorders, &c., not only shorten life, but spoil tempers and "looks." Bacon's Celery King for the nerves cures these troubles. John J. Chambers sells it and will give a sample package free. 8

Relief in One Day.

SOUTH AMERICAN NERVINE relieves the worst cases of Nervous Prostration, Nervousness and Nervous Dyspepsia in a single day. No such relief and blessing has ever come to the invalids of this country. Its powers to cure the stomach are wonderful in the extreme. It always cures; it cannot fail. It radically cures all weakness of the stomach and never disappoints. Its effects are marvelous and surprising.—It gladdens the hearts of the suffering and brings immediate relief. It is a luxury to take and always safe. Trial bottles 15 cents. Sold by J. E. Mills, Druggist, Middletown, N. Y.

Persons who are subject to diarrhœa will find a speedy cure in DeWitt's Colic & Cholera Cure. Use no other. It is the best that can be made or that money can procure. It leaves the system in natural condition after its use. We sell it. W. D. Olney.

Y. M. C. A. DISTRICT CONVENTION

Close of a Very Successful and Profitable Gathering—Fourteenth Anniversary of the Middletown Association—Officers' Reports.

The Y. M. C. A. district convention came to an end last night, with meetings in the First Congregational, Second Presbyterian and St. Paul's M. E. churches, at which the fourteenth anniversary of the Middletown Association was celebrated.

At the First Congregational Church, Mr. John W. Slauson presided; at the Second Presbyterian Church Mr. David E. Lain, and at St. Paul's Mr. E. T. Hanford. The attendance at all the churches was large and the exercises were very interesting.

After the meetings a very large y tended farewell meeting was held at the First Congregational Church. The meeting was conducted by State Secretary Hall and nine speeches on the benefits of association work to different classes were made in nineteen minutes.

The annual reports of the Middletown association were read at each church.

The President, Mr. J. E. Mills, reported that the expenses for the year had been provided for and that there was a slight falling off in membership. He spoke of the disadvantages under which the association labored because of its third floor location and of the necessity of a building of its own.

SECRETARY'S REPORT.

In spite of the adverse conditions of trying to work on a third floor, with inadequate facilities and limited means, the report for the year is encouraging. Men have been reached and helped spiritually, mentally and physically. Strangers have been welcomed to our city, introduced into our churches; good boarding places found for them and situations supplied.

Homeless, friendless, needy and sick young men, have been visited and cared for. Young men have been kept from the saloons and other places of vice, which abound here, and every possible effort made to lift them to true, noble and useful manhood. In short, as far as the means and facilities at hand, the association has furnished to men a clean, wholesome resort with a pure atmosphere, and christianizing influences; it has sought to be a friend to all young men in all phases of their needs.

During the year 45 meetings for men have been held with an attendance of 1,811; 17 mid-week prayer services for men, attendance 161; sessions of Bible class were held a portion of winter months; 3 men professed conversion to Christ; 5 meetings for boys with attendance of 255; boarding places have been found for 36, and situations secured for 16; 50 visits to the sick have been made by the secretary, and many other members of the association who have nursed and cared for a homeless young man, who after weeks of suffering died; in various other ways 27 men have been assisted; 10 young men, new comers in our city, have been introduced into the churches of their choice; 3 meetings for railroad men have been held conducted by members of the State Committee and others. A railroad branch has been inaugurated, and will occupy a building provided by the Ontario and Western Railroad.

A memorial service was held May 26th, addressed by Rev. R. B. Clark, of Goshen. A conference of the members of the association was also held.

ENTERTAINMENT.

A highly instructive and popular course of entertainments was given, last winter; also four socials by the Ladies Auxiliary, and one New Year's reception, at which 200 young men were present. A mock trial was given by members of the association,

EDUCATIONAL

For six months a class in mechanical drawing, including lectures on applied electricity, with twenty-five sessions, and an average attendance of five, was conducted by Mr. D. E. Lain. Also a class in telegraphy for the same time by Mr. H. W. Tuthill, both of which were productive of gratifying results. Sixty nine volumes have been added to the library by friends.

For the first time this association sent an educational exhibit to the State and International conventions.

For six months three gymnasium classes were conducted twice each week by Mr. Lawes Robertson, and many of the boys show evidence in improved development. By the efforts of the boys some $100 worth of apparatus was added to the gymnasium.

A piano was given to the association by the Ladies' Auxiliary. As a result of the course of entertainments, last winter, $128 was realized. Besides this each member of the association was given one ticket free of charge.

All the above items prove that much more can be done if we had increased moral and financial support and greater facilities.

There is a crying need of this work in our city, where the influences for evil are rapidly multiplying.

Your attention is called to the report of the president, which shows what we have and what we ought to have.

H. B. HAWKINS, General Secretary.

THE WINTERTON CHEESE FACTORY

An Important Industry—$12,000 Worth of Stock on Hand.

Mr. Peter Dolfini, proprietor of the cheese manufactory near Winterton, was in town, Saturday. He says he has now in stock $12,000 worth of manufactured goods. Owing to the warm weather he has been unable to make shipments until this week. For the past three days he has been shipping about $200 worth of cheese daily to the New York market and expects to continue shipments until his surplus stock is marketed, as he has no difficulty in disposing of his goods.

The factory was started four years ago and has doubled its output each year since.

Mr. Dolfini buys an average of 140 cans of milk per day and pays the creamery price. The farmers in his neighborhood have in the cheese factory a market for their milk such as they have not had in years. They deliver the goods regularly every day and get the cash in payment every month.

A Runaway and a Collision.

A horse belonging to Mr. R. C. Mead, of Denton, while on the way to the condensery with milk, ran away on Fulton street, yesterday morning. When near the corner of South street the runaway collided with Mr. Silas Martine's wagon, upsetting it and throwing Mr. Martine out, bruising one of his arms and wrenching his back and demolishing one of the wheels of his wagon. Mr. Mead's horse ran to the condensery yard, where it was stopped.

Many Nutting Parties, But Few Nuts.

Nutting parties from this city were out in full force, yesterday, but received very slight reward, for their efforts. There has not been sufficient frost nor wind to cause the nuts to drop, and even skillful climbing and vigorous shaking fail to bring the nuts to the ground. A great many farmers, who did see to gather their own crops, were kept busy driving trespassers away.

A Firemen's Contest.

Mills, the North street tobacconist, will inaugurate a firemen's contest. With every five cent purchase a ticket will be given entitling the holder to a vote for a firemen's trumpet, which is to be awarded one of the city fire companies.

A Wise Suggestion.

A well known citizen suggests that the city sell the Orchard street school property, which it does not need and is not likely to ever use for city hall or school purposes, and apply the money realized from the sale to the cost of building a new academy. The suggestion is a good one and ought to be carried into effect. At present the Orchard street property is an eyesore and a nuisance. Enough ought to be realized from its sale to pay a large part of the first annual tax installment, which it is proposed to levy for the academy.

Motorman Dunlevy May Recover.

It was reported, Saturday night, and again yesterday morning, that Motorman Dunlevy, who was so shockingly injured in Saturday's collision on the Goshen line had died from his injuries, but we are glad to say that the reports were without foundation. On the contrary Mr. Dunlevy has rallied from the shock of the amputation and is getting along so nicely that hopes of his recovery are entertained.

Broke the Record.

Mr. Louis Wengenroth broke the record on Eagles bowling alleys this morning, making a score of 234. Mr. John Heintz held the previous best score 213.

Hood's Pills cure biliousness, indigestion.

Travlers find a safe companion in De Witt's Colic & Cholera Cure. A change in drinking water and in diet, often causes severe and dangerous complaints. This medicine always cures them. W. D. Olney,

BOARD OF WATER COMMISSIONERS.

Much Business Transacted at Saturday Night's Regular Meetings—Extensions of Mains Ordered—Condition of Reservoirs.

The Water Board held a regular meeting, Saturday night, all the members being present except Dr. Douglas.

Several applications for extensions of the mains were received and extensions ordered as follows: Wallkill avenue 700 feet of six inch and 253 feet of twelve inch pipe; Harrison street 700 feet of six inch pipe; Wisner avenue, Wisner place and Fairlawn avenue 1,300 feet of four inch pipe. It was ordered that no pipe be laid in any of the streets named until they have been accepted by the city. The cost of the extension will be about $2,275, and if the pipe can be secured they will be made this fall.

Mr. W. B. Royce appeared before the Board in the matter of the claims of Mrs. Emeline Ogden and Albert Ogden for damage to lands and crops caused by repairs to the mains. The claim was ordered paid.

The Clerk reported receipts of $8,594.25 in September, and of $816 57 in October to date. The disbursements for September were $4,106 30, and for October $204.16. Balance on hand $885 58.

Superintendent Van Duzer reported the standing of the reservoirs: Monhagen Lake fifteen feet, Highland Lake eight feet nine inches.

The Board refused to accept a private surety in the matter of the Thomson Meter Company's claim, and notified the company's attorney that its claim would be paid on receipt of a surety or guarantee company's bond.

Proper connections were ordered made for the supply of St. Joseph's Parochial School, and Mr. Hutchinson was granted a one-inch tap on Ridge street for the supply of several properties on East Broadway.

A number of bills were audited.

HYMENEAL.

Swalm—Hughes.

Mr. George H. Swalm, traveling salesman for the Middletown Music store, and Miss Nettie Hughes, of No. 2 Harding street, were married, yesterday morning, at Mount Hope, by Rev. Luther Littell. The only witnesses were members of the clergyman's family.

Mr. Swalm and Miss Hughes drove from this city to Mount Hope and after the ceremony, drove to Port Jervis, and started on a few day's trip down the Delaware.

The ARGUS has the best of wishes for the future happiness of Mr. and Mrs. Swalm.

Brought Here for Burial.

The remains of Mrs. Mary A. Fullerton, relict of the late William Fullerton, were brought to this city yesterday, from New York, and were interred in the family plot in Holbert Cemetery near Slate Hill.

Good Templars Disband.

Triumph Lodge, No. 771, I. O. G. T., of Slate Hill, disbanded Friday night. Lack of interest and failure of members to attend the meetings was the cause.

Electric Bitters

Electric Bitters is a medicine suited for any season, but perhaps more generally needed, when the languid exhausted feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alterative is felt. A prompt use of this medicine has often averted long and perhaps fatal bilious fevers. No medicine will act more surly in counteracting and freeing the system from the malarial poison. Headache, Indigestion Constipation, Dizziness yield to Electric Bitters. 50c. and $1.00 per bottle at McMonagle & Rogers Drug store.

Mrs. George Graybill, Wrightsville, Pa.: "What I suffered from female troubles is indescribable. was in bed four days every month. Doctors said they must operate, but Munyon's Special Female Cure cured me."

Mrs. O. E. Tucker, Buckfield, Me.: "Munyon's Female Remedies are invaluable. Not only myself but many if my friends have found them promptly curative."

Munyon's Female Remedies

provide a home treatment that effects a speedy and complete cure of all womb troubles, ulceration, enlargement, falling of the womb, whites, backache, soreness and dragging in the abdomen. Positively effectual in suppression, scanty flow, hemorrhages, pains and all monthly disorders.

The Munyon Remedies effect positive cures in the most obstinate cases; a separate specific for each disease. At all druggists, mostly 25 cents a bottle.

Personal letters to Prof. Munyon, 1505 Arch street, Philadelphia, Pa., answered with free medical advice for any disease.

The sense of security against sudden emergencies from croup and bronchitis, felt by those who are provided with a bottle of Ayer's Cherry Pectoral, would be cheaply purchased at ten times the cost of that remedy. In all lung complaints, it is prompt to act and sure to cure.

A physician's practice increases according to his skill shown and satisfaction given.

This accounts for the large number of persons now receiving treatment for cure of rupture without danger or loss of time, by Drs. Jones & Potter, of New York. Russell House, Thursday. 4
